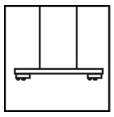
NOVUS DSS column with system rail mount

NOVUS Duo Support System columns provide the capability of attaching DSS supporting arm elements. Attractive in looks and in price – they offer maximum flexibility. In durable, robust material quality, the system is guaranteed to give you a stunningly simple, secure and adaptable means of attaching supporting arms for TFT screens. The elegant, 445 mm long aluminium profile serves as a support column and can be mounted into varios system rails used in the office furniture industry with the system rail mounting. Two cable clips are included as a practical aid for routing cables.



System rail attachment. For use in many of the system rails used by the office furniture industry.

When used conventional.

Available in silver/ anthracite
